

INTERNATIONAL SCHOOLS

IN FRANKFURT RHEINMAIN

International education

There are many different types of international schools in Hessen. Some schools are offering the international Abitur (International Baccalaureate (IB)).

Other schools offer educational achievements with double qualifications. This means the simultaneous award of the German Abitur and another educational achievement (e.g. the French Baccalauréat or the Italian Maturità). There is a wide range of private and bilingual schools in the Frankfurt RheinMain region.

PUBLIC SCHOOLS

In addition to the private institutions, there are numerous publically-funded schools that offer bilingual teaching. In the Frankfurt RheinMain region alone, there are more than 50 publically-funded schools that offer certain subjects in a foreign language (e.g. English, French, Spanish or Italian). Children learn very quickly, particularly at an early age. This is why there are also bilingual primary schools as well as bilingual nursery schools and day-care centers. This PDF is an overview and a selection of international schools in the region.

INTERNATIONAL SCHOOLS

in Frankfurt am Main
